WILLIMANTIC

NORWICH BULLETIN
WILLIMANTIC OFFICE
Telephone 105 23 Church St.

Four local jilted men, Walter Griggs, Stokes Watson, Henry Belair and Wilfred Blanchette, heard the report of the finding of Judge John E. Keeler in the New Haven-Derby bus corporation case, but have not yet lost heart. The men have secured the services of a local lawyer and are planning to petition the superior court for a temporary injunction against the decision. All four had previously been refused the right to operate between Willimantic and Norwich by the public utilities commission. The petition will probably be brought before Judge George E. Hinman. The findings in the New Haven-Derby case are being carefully studied as to its comparison with conditions prevailing in the local jitney route.

All four men state that the Willimantic-Norwich run is not a gold mine for them, or anyone else, and that what matters they have done is not really to affect the Connecticut company. They claim that the total number of passengers carried daily does not exceed 50 and that occasional cars carrying two automobiles loaded to capacity leave for Norwich at the same time. The men have ruled that the cars shall go out in rotation and some days one or more of them fails to make a trip. On the return trip from Norwich the travel is much lighter, very few capacity loads being secured. The men have always charged \$1 for the trip, including war tax. The fare by trolley is 54 cents, including war tax. The Norwich run is not their entire business, as they have taxi business from this city to the towns surrounding. The men are still operating their machines and will continue to do so, taking the same chance as other jitney men of the state are accepting. There have been no arrests made by the police of Willimantic or Norwich.

A business transaction of interest to Willimantic and the town of Mansfield took place Thursday afternoon when Albert Odch of Mansfield sold his store in that place to Albert J. French of this city. Mr. Odch had been in business over 38 years, occupying the present store for the past 24 years. He is retiring and plans to make a lengthy visit to Sweden. Mr. French is known as a progressive business man and for 30 years has been connected with the wholesale meat business and for 27 years was manager for the Swift Beef company and resigned a year ago.

L. J. Dunstan of Mansfield knocked down a small Italian boy Thursday afternoon about 5 o'clock while driving his Ford car down Main street. The front wheel of the automobile passed over the body of the boy. The boy was taken to St. Joseph's hospital and examined by Dr. J. A. Girouard. No serious injuries were found, the boy having several bruises on one leg. The boy was taken to his home on Schoolhouse lane and the accident was reported to the police. Mr. Dunstan was not held by the police, as the acting chief was unavailable. The boy ran out from the sidewalk directly in front of the moving automobile.

William Harold and Dwight W. Ide, carriers at the local postoffice, will return to duty this (Saturday) morning, having completed their vacation of 15 days. Carriers slated to begin their vacations upon the return of the others are George K. Allen and Joseph P. Paulsen. Mr. Allen's vacation is for 14 days, past four days, will continue on his vacation, but Carrier Paulsen's vacation is deferred, owing to the illness of Carrier Anson J. Old, who has pleurisy. While driving his automobile on Main street near Gilman's store Friday afternoon, John Joseph Grimes checked and knocked down a small boy. The accident occurred as he failed to worry the youngster, as he jumped up and ran away without giving his name. Grimes reported the mishap to the police.

James J. Porcari, city contractor, began working on the property of the American Thread company Friday. After erecting the property located near H. R. Chappell's paint shop, about 150 line feet of concrete walk is to be laid. The width on Main street will be six feet and on Jackson street eight feet.

The 25 members of the severity of the Methodist Episcopal church had a picnic at Ocean Beach Thursday enjoyed their trip. Before returning home they visited the S. S. Ohio, now anchored in New London harbor, spending nearly two hours on board.

Americanization classes preparing for the fall examination met Friday night at the Y. M. C. A. where instruction was given free by George H. Gilman, Americanization agent for the town of Willimantic. Over 50 have enrolled in the classes, which will meet twice weekly.

The American Thread team is all set for the baseball season here today (Saturday). The New Departure team of Bristol will be the opponents. The season, Mass. baseball club will be seen here Sunday when King Bader is to pitch for the local club.

Annie Agnes Grady, 43, died early Friday.

THIS YOUNG MOTHER

Tells Childless Women what Lydia E. Pinkham's Vegetable Compound Did for Her

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are very fond of children and for a considerable time after we married I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong, healthy baby girl. I can honestly say that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound years ago. I give all the credit to your medicine and shall always recommend it very highly."—Mrs. H. H. JANSSEN, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement or debility that is dragging them down, and strengthen the entire system. Lydia E. Pinkham's Vegetable Compound gives them the blessing of a good constitution.

For women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement or debility that is dragging them down, and strengthen the entire system. Lydia E. Pinkham's Vegetable Compound gives them the blessing of a good constitution.

BRIEF STATE NEWS

East Hampton—Howard Flood killed a large rattlesnake having 11 rattles on his tail Monday afternoon.

Hartford—Raymond Reager, gymnastic instructor at the Connecticut school for the blind in this city, is spending a vacation in Big Falls, N. Y.

Danbury—A new building to be erected for Danbury hospital will be nearly as large as the present main hospital building and will be connected with, although virtually an independent structure.

Glastonbury—The farmers are busy harvesting the hay crop in the Glastonbury meadows. The crop is of excellent quality and heavy. The sudden showers this week wet a large quantity which was ready to be hauled.

Middletown—Representative Samuel Russell, Jr., of this city has been appointed by Governor Lake as one of the members of the commission on a state building on the grounds of the Eastern States exposition at Springfield.
